At Voller Builders, we pride ourselves on delivering high-quality homes that exceed our clients' expectations. We are committed to using the latest technology and construction techniques to ensure that your home is not only beautiful but also built to last. With our team of expert builders and designers, you can trust that your home will be built to the highest standards.

We understand that building a new home can be a daunting task, which is why we offer a full-service approach. From the initial design consultation to the final walkthrough, we are with you every step of the way. We handle all aspects of the construction process, including obtaining permits, coordinating with subcontractors, and ensuring that your home is built to code.

Discover the George, an exquisite new design and build project by Voller Builders. Designed to redefine modern family living, the George offers three bedrooms, two bathrooms, two spacious living areas, and an open-plan layout, making it the ideal choice for a complete family home.

One of the standout features of the George is its thoughtfully designed floorplan, which creates a central and private outdoor living space. Whether you're savoring a morning coffee, hosting a family barbecue, or simply unwinding after a long day, the George's unique floorplan ensures that your outdoor/indoor living experience is both central and intimately yours, adding to the allure of this remarkable family home.

A growing family or looking to upgrade to your dream home, this single-story gem is designed to meet your needs and exceed your expectations. Don't miss the opportunity to make the George your family's forever home.
